Review Highlights - "My husband and I went to Ti Amo to celebrate our second wedding anniversary. We sat out on the balcony area, which was so romantic and secluded.... My husband had the Chilean sea bass cooked on a cedar plank with julienne vegetables. The combination was exquisite!... I had the filet mignon with garlic mashed potatoes surrounded by a portobello mushroom sauce - so amazing! The manager, Scott, even came out to make sure we were doing well and to wish us a happy anniversary. They then brought us a little dessert to celebrate the occasion! The entire evening was an absolute delight. We have definitely found the place we would love to celebrate our special occasions. I would recommend this place to everyone looking for a romantic and cozy evening with great service."
